New Moments offer you unique and unforgettable incentive programs with our stunning nature as backdrop.

Whether your focus is on nature experiences, teambuilding, adventure, pampering or all of the above we can provide you with just that!

With our attention to detail, love of all things cultural and little surprises along the way we'll make your stay with us in Iceland a moment to remember.

We have a selection of all inclusive programs ranging from 2-5 days, with first class hotels, quality meals and fun activities but we can also tailor-make a program that suits your needs.

If you have your trip organized already but just need that extra touch to make it a success, check out our Moments, Treasure Hunts and Galas for ideas.
